

packaging consumables

Liberty Technologies delivers the right packaging consumables.

The right product. The right equipment. The right packaging consumables.

Liberty Technologies, a Millwood company, knows it takes all three to make the complete package.

Whatever your requirements, Liberty Technologies can provide the right consumable for your product, your equipment and your storage and shipping requirements. We combine dynamic customer service with packaging materials in a variety of standard and custom specifications including:

- Stretch film, hand wrap and load top sheet covers
- Shrink bags, shrink film and sheeting
- Polyester, polypropylene and metal strapping
- Corrugated boxes, SlipSheets, corner boards and dividers

What's more, our experienced Unit Load Specialists can evaluate your current package and design alternative solutions that will reduce your overall costs, improve the performance and appearance of your load and reduce waste for a sustainable solution.

As an integrator/manufacturer with an international footprint, Liberty Technologies is the **One Stop Connection™** for your packaging and material handling needs.

Liberty Technologies, a Millwood company, creates an innovative relationship between diversified packaging and material handling manufacturers and its customers.

Application information and recommendations are available 24 hours a day, 7 days a week.

System integration solutions include:

- Specialists in turnkey applications, integrating a variety of sophisticated packaging and material handling systems into a fully automated production line.
- Complete installation, start-up and training, aftermarket service and replacement parts capability available on all projects.
- Contract servicing for scheduled preventative maintenance programs.
- Integrates supply and purchasing programs.

Liberty Technologies, a Millwood company, offers:

- Individual support team members assigned to each customer to coordinate orders and expedite delivery of all products.
- Additional back-up support team members for customer confidence.
- Quick response to customer requests.
- Customized reporting of orders.
- Technical expertise to help optimize packaging options.
- National account programs to assist multi-location customers with improved efficiency by reducing the need for multiple vendors.

Millwood Incorporated is a worldwide industry leader and innovator of unit load and packaging systems, materials and services as well as a leading supplier of new, used and reconditioned pallets. Both small-to-midsize businesses and Fortune 500 companies have relied on Millwood's pallet management expertise, material handling solutions and logistics services to provide strategic sourcing initiatives for over 40 years.

Liberty Technologies employs electrical and mechanical engineers, service technicians and experienced Unit Load Specialists who are capable of evaluating your total packaging requirements; designing, installing and servicing complete turnkey systems that will optimize your packaging costs; and training your personnel in the use of palletizers, conveyors, stretch and shrink equipment and films as well. Our experienced customer support staff is ready to serve your needs on a 24/7 basis.

Packaging Systems
